THE UNIVERSITY OF ARIZONA®
Physical Space Inventory
Fall, 2013

OVERVIEW

The University of Arizona experienced a net growth of 166,544 gross square feet (GSF)/ 159,236 net assignable square feet (NASF) during the course of fiscal year 2013. A major source of main campus growth includes the completion of two new facilities: the Bryant Bannister Tree Ring Building consisting of 41,152 GSF/ 18,283 NASF and the Lowell-Stevens Football Facility consisting of 162,510 GSF/ 71,904 NASF.

The \$12,039,00 Bryant Bannister Tree Ring Building provides new laboratories and offices to conduct an array of innovative research programs; as well as, public outreach and support spaces.

Football fans can now enjoy upgraded seating and amenities with the construction of the \$72,300,000 Lowell-Stevens Football Facility along with new concourses connecting the east and west stadium seating sections. In addition, the new facility provides state-of-the-art athletic support space, office, meeting and multimedia rooms for the football program. Lastly, located inside the facility, the Bear Down Kitchen offers buffet-style breakfast and lunch for the entire campus community.

The College of Medicine-Phoenix Biomedical Campus experienced growth through the completion of the Health Sciences Education Building expansion consisting of 24,454 GSF/ 8,511 NASF.

The University experienced decreases in off campus space due to lease terminations.
